河北电机总经理竭诚为您服务

2009年8月，格兰...授予我们优秀供应商

2009年8月，格兰...授予我们优秀供应商

河北电机股份有限公司成立于1953年，是国内生产、出口超高效节能电机和专用特种电机最早、应用领域最广的专业电机研发生产企业，是世界压缩机、水泵、减速机系统的领先供应商。

公司始终秉承“一切从用户出发，为用户着想，让用户满意”的服务宗旨，不断根据市场要求及行业应用特点研发和生产一系列中小型电机产品，满足市场的广泛需求。

Hebei Electric Co., Ltd. was established in 1953, domestic production, export and super energy efficient electric motors and a dedicated special earliest and most widely used applications research and development of professional motor manufacturer, is the world's compressor, water pump, gear system, a leading provider of .

The company has always been adhering to the "start everything from the user, for the sake of the user, so that customer satisfaction" principle of service, and constantly according to market requirements and application characteristics of the industry R & D and production of a series of small electrical products, to meet the market's broader needs.

在清晰的发展战略指导下，工程技术人员掌握了世界最先进的电机设计技术，凭借丰富的经验，优秀的设计和众多的选择为不同客户的各种需求提供专业的服务，成为各行业及相关配套制造商的理想合作伙伴。

公司产品全部通过了ISO9001质量体系认证，CSA认证，UL认证，CE认证和节能产品认证，最大限度的保证了产品品质及企业的长足发展，是您整个供应链中最可靠的供应商之一。

In a clear development strategy under the guidance of engineers and technicians to master the world's most advanced motor design, with rich experience, excellent design and a large number of options for the diverse needs of different customers to provide professional services to various trades and professions and related supporting manufacturers the ideal partner.

All the products are passed the ISO9001 quality system certification, CSA certification, UL certification, CE certification and energy-saving product certification, ensuring maximum product quality and rapid development of enterprises, is your entire supply chain, one of the most reliable suppliers.

河北电机，电机行业的优势品牌

④ 我们以用户的高度满意为标准，一直在努力。我们致力于提升自身经营及服务意识，坚持改进产品、完善服务，以客户化人性化专业化的行为准则，缔造出河北电机品牌在国内外市场的不可替代地位和影响力。

④ Our high degree of user satisfaction as the standard, has been working on it. We are committed to enhancing awareness of their own operations and services, adhere to improve our products and improve service to customers of human and professional codes of conduct, to create a brand in the domestic and international markets, Hebei Electric irreplaceable status and influence.

沟通与协作是商业合作的主流

④ 企业目前具有年生产 450 万 KW 电机能力，可以优质、准期、合理价格承接、研发和生产客户所需各种电机产品。以快速反应的客户化服务使公司成为新老客户供应链中最具实力和最可信赖的一环。

④ 公司 ERP(企业资源计划)系统、CAD 工程网络、营销服务网络、通讯信息手段，高效数控专机与生产线，先进的检测与测试设备，200 多名博士、高、中级工程技术人员等组成的科技队伍和全体员工将为满足客户的需求敏捷而低成本的开发和生产优质高可靠性的产品和服务提供了保证。

④ Enterprise currently has annual production capacity of 4.5 million KW motors can be high-quality, quasi-period, at a reasonable price to undertake R & D and production of various motor products required by customers. Rapid response to customer service enable companies to become the old and new customers in the supply chain the most powerful and most reliable link.

④ Company's ERP (enterprise resource planning) systems, CAD engineering network, marketing and service network, communication and information tools, Efficient NC special production lines, advanced inspection and test equipment, more than 200 doctoral, high, intermediate composed of engineering and technical personnel science and technology team and all staff to meet customer demand for quick, low-cost development and production of high-quality high-reliability products and services guaranteed.

供应链中最可靠的一环

The part of supply chain the most reliable

为用户着想 对用户负责 让用户满意 使用户放心

它不仅是企业保证质量的标语亦或思想准则，更是我们对用户的郑重承诺。

🔴 科研与开发，是通过创新和持续改进来实现的。作为市场的领跑者，追求和发挥规模效益，以更快更高的速度，不断推出适合用户需求、安全可靠、绿色的创新产品。

🔴 质量保证是我们保障产品品质的重要环节，我们绝不容许我们的产品在不合乎标准的情况下走出企业的大门。

🔴 Research and development, through innovation and continuous improvement to achieve. As the market leader, to pursue and give full play of scale in order to even faster and higher speed, has introduced user demand for safe, reliable, green innovative products.

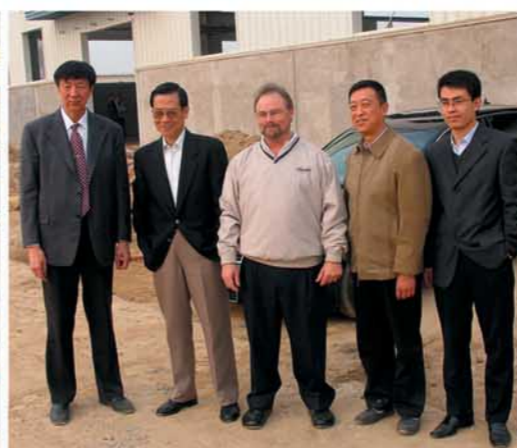

🔴 Quality assurance is an important part to protect product quality, we will never allow our products in the people who do not meet the standards under the door out of business.

行者，以先为荣 作者，以质取胜

Freelander to be the first proud of, do those, winning by quality

河北电机美国行

☺ 我们是朋友，多年来企业一直致力于塑造自身成为客户供应链中“最有成效的一个链环”，谋求发展与客户的战略伙伴关系，全力支持客户共同创建市场拓展和竞争优势的新空间。在共同的愿景目标下，我们拥有共同发挥发展的合作平台，有力推动了整个产业的进步，加促本土与国际化的快速接轨，赋予了我们为之奋斗的种种责任，一种真正存在的价值。

☺ We are friends. For many years has been committed to build itself into an enterprise customer's supply chain, "the most effective part of a chain of" seeking development of a strategic partnership with our customers full support to customers to create market expansion and competitive advantage of the new space. A common vision of goals, we have a common platform for development cooperation to play a strong impetus to the progress of the entire industry, in an increasingly fast local and international integration, given all the responsibilities that we fought for, a real existence of the Worth.

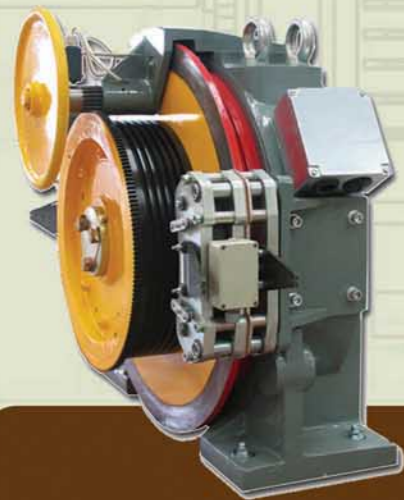

我们根据用户需要提供按需应变的产品及服务。公司主要产品为通用型 Y、Y2 系列电机、多速电机、专特类注塑机电机、压缩机电机、伺服电机、电磁调速电机、变频电机、主轴电机、振动电机、制动电机、电梯电机、风机电机、防爆电机、辊道电机、纺织电机、NEMA 标准电机共 15 大系列 2000 多个规格。广泛应用于冶金、机械、化工、石油、制药、纺织、制冷、粮食食品、机床、注塑机、压缩机、减速机、通风、电梯、水泵等行业及其领域。国内市场覆盖了除西藏以外的省市和自治区，辊道电机配套于日本三菱公司。专特电机产品稳步进入跨国公司采购系统，不断完善营销网络必将满足客户全球化的需求。

We need to provide on-demand according to the user of products and services. The main products are general purpose Y, Y2 series motors, multi-speed motor, special classes designed mechanical and electrical injection molding machine, compressor motors, servo motor, electromagnetic governor motors, variable frequency motors, spindle motors, vibration motors, brake motors, elevator motors, fan motors, explosion-proof motor, roller motors, textile motors, NEMA standard motors, a total of 15 series and over 2000 specifications. Are widely used in metallurgy, machinery, chemicals, petroleum, pharmaceutical, textile, refrigeration, food food, machine tools, injection molding machines, compressors, reducer, ventilation, elevators, pumps and other industries and related fields. The domestic market, covering the provinces and municipalities except Tibet Autonomous Region, roller motor supporting the Japanese Mitsubishi Corporation. Special motor products designed steadily into the multinational procurement system, and constantly improve the marketing network will meet customer demands of globalization.

本着一切从用户利益出发的根本信念，我们不断追求创新发展，又以满意不断回报给用户，以科技为先导，以社会需求为努力方向，为企业为用户为社会建更新更优业绩。在全球用户竭诚服务的过程中，把新思想新创造带给市场，把合作共赢带给伙伴，我们坚信，我们将会是您心中最值得信赖的供应商。

Everything from the user's interests based on the fundamental beliefs, we continue to pursue innovation and development on, he continually returns to the user satisfaction, science and technology as the forerunner to the needs of society as a direction for enterprise users update for the community to build better performance. Dedicated service for the global user in the process of bringing the creation of new ideas and new markets, to bring win-win cooperation partners, we firmly believe that we will be your heart the most trusted suppliers.
